Advance-Nilfisk Part - Imagine how long and tedious it will actually be to clean-up right after a party, with out assistance from machines. Previously, the dust from upholstery and carpets had to be beat out of them by hand; cleaning cloths, brooms, and brushes were the best cleaning products during that time.

The founder of Nilfisk-Advance, P.A. Fisker, started as an electrical engineer who liked to work on electrical motors. After establishing his company during the year 1906, he began to produce motors to drive drills, coffee grinders, fans and machine tools. Mr. Fisker's dream from the beginning was to have an international company selling merchandise globally.

The Nilfisk C1 was a remarkable breakthrough for the cleaning trade. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and could be operated by a single person. This creation came in a time where many cleaning equipment were very big and needed at least 4 operators, hence, the Nilfisk C1 transformed everything and evolved the method we clean forever. The brain behind these very first cleaning machines remains unparalleled. Cleaning equipment offer a brilliant solution to an existing crisis; stuff get dirty and must be cleaned regularly, without a lot of effort.

Slowly but steadily, Nilfisk-Advance grew through the decades. During the nineteen eighties, this development actually took place the time the business became a part of the NKT Group. Their new owners' determination and motivation made Nilfisk-Advance take a huge leap forward within the industry, aiming to be amongst the biggest universal players in the market of professional cleaning equipment. Nilfisk-Advance is now found in every part of the world by steadily obtaining lots of smaller companies in order to develop their product selection and presence in new markets. They are proud to present a variety of cleaning solutions to suit each and every need.
