

Rockwell Part

Rockwell Part - AxleTech International is a premier dealer in the world of specialty vehicle drive-train systems and components together with off highway vehicles. The company prides itself on being its clients' preferred supplier. AxleTech strives to meet and exceed their clients' expectations for technology, delivery, quality and service. They believe in working in an environment that encourages the utmost integrity with empowered teamwork, together with a persistent pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively applying principals of environmental stewardship and safety in how they do business. The business has put various programs in place to be able to articulate these values in their business policy. AxleTech happily shares this policy and welcomes interested parties to provide them with any comments or questions, as they are glad to share and promote this policy with a greater understanding of their efforts. They are really devoted to improving and preserving the natural environment. AxleTech has an EHS program that not just protects the natural environment but which likewise actively protects their neighbors and employees as well.

AxleTech specializes in the manufacture and designing of planetary axles meant for both military and commercial applications, that may consist of anything from construction equipment to airport ground support. They take great pride in being a ground-breaking drive-train solutions provider as well. AxleTech specifically designs axles to meet particular application demands. They have over 1000 different axle specs in their existing offering. With over 100+ years of skill and history, AxleTech proudly supplies the most complete solution for any of your axle requirements. The company is well known in various military and commercial applications. They provide complete axle assemblies used for aftermarket replacement requirements, along with servicing axle needs for OE production. Their high mobility ISAS have extra details which could be found in the "ISAS" product collection.
