

## Axle Tech Parts

Axle Tech Parts - AxleTech International is a leading dealer in the globe of specialty vehicle drive-train systems and components together with off highway vehicles. The business prides itself on being its customers' chosen supplier. AxleTech strives to meet and exceed their clients' expectations for quality, service, technology and delivery. They believe in working in an environment that encourages the highest integrity with empowered teamwork, combined with a relentless pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively utilizing principals of ecological stewardship and safety in how they do business. The business has put different programs in place to be able to articulate these values within their business policy. AxleTech happily shares this policy and welcomes interested parties to provide them with whatever questions or comments, since they are happy to promote and share this policy with a greater understanding of their efforts. They are extremely committed to improving and preserving the natural environment. AxleTech has an EHS program that not just protects the natural environment but which even actively protects their employees and neighbors as well.

AxleTech prides themselves as being a ground-breaking drive-train solutions provider. They specialize in manufacturing and designing planetary axles for both military and commercial applications. These applications vary from airport ground support to construction equipment. AxleTech specifically designs axles to meet particular application demands. They have more than 1000 different axle specs in their current offering. With over 100+ years of history and skill, AxleTech proudly supplies the most complete solution for whatever of your axle requirements. The company is well known in various commercial and military applications. They offer complete axle assemblies for aftermarket replacement requirements, along with servicing axle requirements for OE production. Their high mobility ISAS have added details which could be seen in the "ISAS" product selection.
